

CGR4M0 Grade 12 Environmental and Resource Management
Origins of Your City

You are going to be assigned a city from the list below. After some initial, familiarizing research, write a 1 – 2 page report that contain the following information:

- Research the origins:
 - Who first settled it and when?
 - Why was it settled where it is?
- A very brief history.

- Which of the 6 factors contributing to the origin of cities was most influential?

- Which of the 7 factors that affect city size was most important?

- How did energy resource development or transportation networks impact the advancement of the centre?

- What environmental challenges are currently facing the city?

1 Dublin, Ireland
